MADE IN GERMANY

We produce entirely at our location in Rheda-Wiedenbrück. The diversity and complexity of our products require a high level of expertise among our employees and an efficient supply industry. Fair, safe working conditions and processes and controlled, certified materials are guaranteed and are also an important component of our sustainability efforts.

THE ORIGINAL

„Perfection is only achieved when nothing can be removed“ has always been the company philosophy and guiding principle for any new furniture development, whether in-house or with renowned designers. Perfection in technology and function combined with clear, timeless aesthetics is the benchmark and never achieved goal of many other products.

LACQUER QUALITY

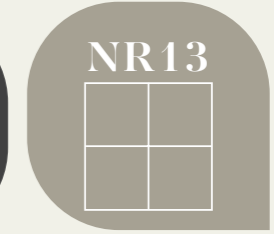

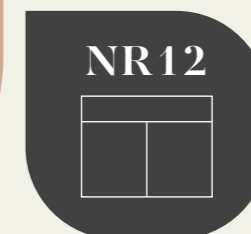

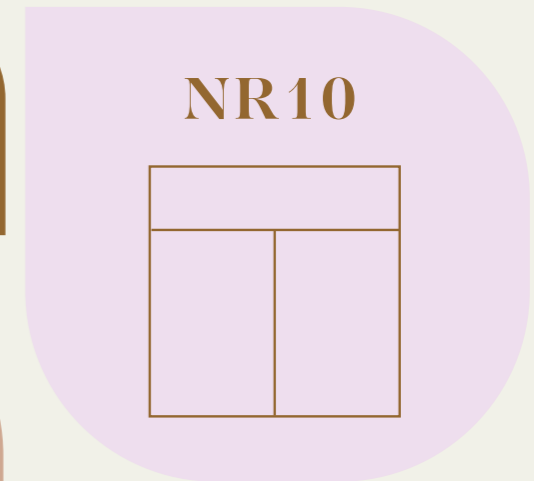

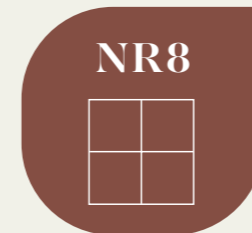

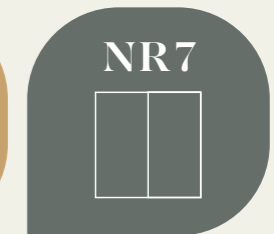

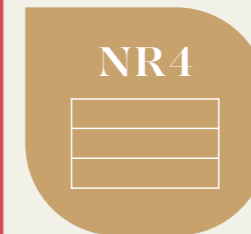

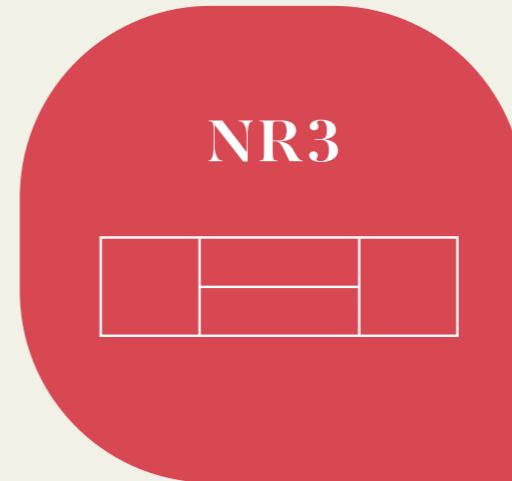

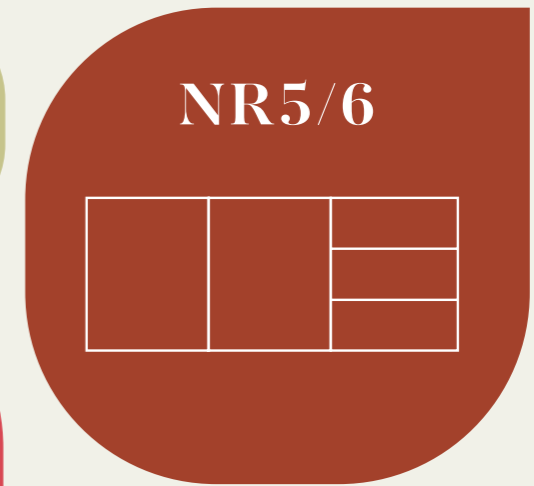

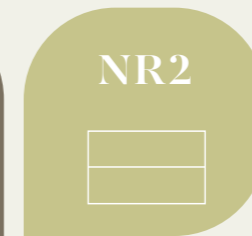

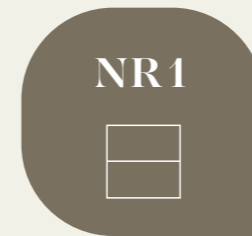

The quality of our lacquered surfaces is unrivalled throughout Europe. Interlübke furniture lasts for generations and is ageless. They can also withstand multiple rebuilding and reassembly without any problems. The colours of our lacquers are finely coordinated and can be used together in colour concepts. The lacquers are also non-toxic and saliva-resistant.
